

HYBRID EVENT

Vigo, 21st June

2023

CLEANATLANTIC CONFERENCE

The conference will showcase the CleanAtlantic (extended project) achievements and results on data and knowledge harnessing, monitoring, modelling, mapping and marine litter removal and will open a discussion about the remaining gaps and opportunities to be tackled through new and innovative collaborative projects and networking activities.

9h00-16h30
(UTC+2h00, Madrid, Bruselas)

Venue: Fundación CETMAR
Sala Cíes, 3rd Floor
Eduardo Cabello S/N, Vigo

Registration:

<https://cetmar.org/seminarios/CleanAtlantic-final-conference>

Simultaneous translation English - Spanish

9.00-9.20 Introduction

Welcome

TBC

The CleanAtlantic approach

Marisa Fernández, CETMAR

9.20-9.50 Online information resources

The CleanAtlantic Knowledge Tool

Raquel Diez, CETMAR

Map of marine litter initiatives and measures

Marine Paul, CEDRE

Policy Toolkit

Mathilde MAURE, CRPM

9.50-11.00 Monitoring of marine litter and data management

Advances on Marine litter data Management and Monitoring Tools

Morgan Le Moigne, IFREMER

Mussels as bioindicator for the presence of microplastics in the marine environment

Morgan Le Moigne & Josie Russell, IFREMER & CEFAS

Assessment of seafloor litter top10 items

Josie Russel, CEFAS

11.00 - 11.30 Coffee break

11.30-12.10 Modelling and mapping marine litter

Advances on modelling and mapping marine litter

Sara Cloux, USC

Relationship between meteorological situations and the marine litter distribution using computational technics

Pedro Montero, INTECMAR

12.10-13.10 Reduction of marine litter

Fishing for Litter Hub & management of waste incidentally fished

Mike Mannaart, KIMO

ALDFG mapping and removal

Luis Gómez, CETMAR

Beach and port litter clean-up techniques

Marie Babinot, CEDRE

Approaching fishing gear life cycle

Pedro Sepúlveda, DRAAC

13.10 - 14.30 Lunch

14.30-15.30 Risks and impacts

Toxicity of butts and buds

Juan Santos, IEO

Advances on the knowledge of Marine litter as NIS Vector

Morgan Le Moigne & Josie Russel, IFREMER & CEFAS

Economic impact of marine litter on Shellfisheries

Maria Loureiro, USC

15.30-16.30 Networking for the future

Interreg Atlantic Area Programme 2021 - 2027

Joint Secretariat - Atlantic Area Programme (TBC)

INdIGO project - Innovative Fishing Gear for Ocean

Claire Allanos, Université de Bretagne-Sud

Integrated project LIFE IP INTEMARES

Marta Martínez-Gil, MITERD

OSPAR's 2nd Marine Litter Regional Action Plan

TBC

16.30 Closure
